ESPERIA FUNDS SICAV: ALKIMIS SPECIAL VALUES C EURO CLASS ISIN: LU1008677376

This Fund is managed by Mediobanca Management Company SA

Objectives and Investment Policy

The investment objective of the Sub-Fund is to achieve capital appreciation and growth in the medium – long term.

The allocation of the Sub-Fund's assets will respond with flexibility to market trends and opportunities, by investing mainly in equities and on ancillary basis bonds and Money Market instruments.

The Sub-Fund will mainly invest in securities listed or traded on the recognized markets of Member States of the OECD.

The Sub-Fund has a structural long bias, but could be net short in specific market circumstances.

The maximum overall net short position of the Sub-Fund would be about 25%, achieved through the use of derivatives exposed mainly to the equity market.

The Sub-Fund may also invest, always in accordance with the terms of the Prospectus, in other transferable securities, deposits and units of collective investment schemes.

The Sub-Fund may also hold on ancillary basis liquid assets.

The Sub-Fund will maintain a flexible investment policy and, in accordance with the terms and conditions of the Prospectus, is not subject to any specific limits in relation to its allocation of assets across the various asset types.

The Sub-Fund may invest no more than 10% of its NAV in other UCITS/UCI.

The Sub-Fund is open-ended which means that it may, at any business day on the request of the shareholders, redeem its shares at prices based on the applicable Net Asset Value per Share.

Income arising from the Sub-Fund is being reinvested.

Recommendation: this Sub-Fund may not be appropriate for investors who plan to withdraw their money in the short-medium term (2-4 years).

The Net Asset Value ("**NAV**") of the Sub-Fund will be determined on each Business Day in Luxembourg ("**Valuation Day**"). The redemption requests will be closed at 4.00 p.m. CET ("**cut off time**") in Luxembourg on the Business Day preceding the relevant Valuation Day.

Minimum Initial Investment: None.

Minimum Subsequent Investment: None.

The Sub-Fund' share class is denominated in EUR.

The Fund is actively managed. The Fund is using ICE BofA Euro Government Index (EGB0 Index) for the purpose of calculating the performance fee as indicated under the heading "Charges taken from the Fund under specific conditions" and in the past performance section below.

Risk and Reward Profile

This risk indicator is calculated using historical data, which cannot be used as a prediction for the future risk profile of the Sub-Fund. Therefore, the risk and reward category shown is not guaranteed to remain unchanged and the categorisation of the Sub-Fund may shift over time.

Even if the Sub-Fund is in the lowest risk class you can lose money, as no investments are entirely risk free.

At this time, the level of the risk and reward profile is equal to 5, due to the medium-high volatility of the markets and instruments in which the Sub-Fund invests.

The risk and reward profile does not take into consideration the following risks, which can affect the Fund:

- credit risk: which are linked to the debt securities the Sub-Fund invests in;
- operational risk: which may occur due to technical issues for example natural disasters, misunderstandings and fraud;
- counterparty risk: which may occur due to the fact that the fund might have exposure through contract with third parties;
- liquidity risk: which may occur due to the fact that the level of investments is made in financial instruments that could have a low level of liquidity in some extraordinary circumstances for example in the case of market crash and default of debt claims on issuers side.
